

Use the below messaging to send an email to your customers informing them that you accept credit card payments. Please be sure to replace the **red text** with your personal information.

Subject Line:

We accept credit card and PayNow payments

Email:

Hi,

Good news: we now accept payments via credit card and PayNow!

We are proud to announce that we have partnered with a payment solution provider called CardUp to offer you a more convenient payment method. It works with your existing credit cards (Visa, Mastercard, China UnionPay or American Express) and no setup or account creation is required on your end.

Simply click this link, enter your invoice details, and submit your payment:

<Insert your unique payment URL – click [here](#) to find it>

Why use your credit card to pay our invoices?

- Earn rewards, such as miles and cashback ([calculate](#) how much you'll earn)
- Take advantage of your card's 0% interest period
- Defer the outflow of cash until your card bill is due, up to 55 days

Rest assured that your personal details and funds will be completely secure, as CardUp is fully regulated and licensed by the Monetary Authority of Singapore. Watch [this video](#) to learn more about how CardUp works.

Best wishes,

<Your Name>
